

2021 Tokushima Bioscience Retreat

This retreat is to provide a venue for the graduate students, faculty members, and researchers at Tokushima University to get together and interact with each other across the boundaries of research fields and affiliations. Participants give research presentations followed by question-and-answer sessions. This year, the entire retreat will be online including research presentations and a social hour. At the online venue, we will implement some features, such as a space for self-introduction posters and personal booths where participants can organize the content as they wish. We hope that these features will make the presentations and the social hour more interesting and fun for all. Excellent presentations will be awarded the Young Researcher Award and the Special Award (with extra prizes). We look forward to the participation of many graduate students in this event!

When: 9:00-20:00, Friday, September 17 (includes an online social hour)

9:00-10:00, Saturday, September 18

Where: Online (Presentations on *Teams*; social hour on *Gather*)

Special Lecture :

Dissecting the epidermal barrier function and its evolution

Professor Takeshi Matsui

Laboratory for Evolutionary Cell Biology of the Skin, School of Bioscience and Biotechnology, Tokyo University of Technology

Intended participants: Students of Tokushima University (graduate students, 5th and 6th year students in the Faculty of Pharmaceutical Sciences, etc.), postdocs, and faculty members. (Students must be able to **attend the entire event** including research presentations and a social hour.)

Fee: Free

Number of participants: Limited to 20 students (Please understand that we may not be able to accept all applications if the number of applicants exceeds the limit.)

How to apply: E-mail the information below with “2021 Tokushima Bioscience Retreat” in the subject.

Accepted students will be required to submit an abstract in English (~100 words).

① department (including its English name), ② position (Students provide the program and the year s/he is in.), ③ name (including one in the alphabet), ④ gender, ⑤ e-mail address, ⑥ 4 digit university extension number, ⑦ reference (i.e., the name of the advisor)

Where to apply: kaihatsu@tokushima-u.ac.jp

Application deadline: Wednesday, July 7

If you do not receive an e-mail acknowledgment of the receipt of your application within 5 days after sending it, please contact us.

Inquiry: Center for Healthcare Education Research (extension 9604)

Host: Graduate Schools of Biomedical Sciences, Medical Sciences, Nutrition and Bioscience, Health Sciences, Oral Sciences, and Pharmaceutical Sciences

School in charge: Graduate School of Medical Sciences (Retreat facilitator: Prof. Shigenobu Yonemura)
