

## Cross-Disciplinary Presentation and Interaction Among Researchers

Institute of Biomedical Sciences, Tokushima University Graduate school

# 2015 Tokushima Bioscience Retreat

The Institute of Biomedical Sciences is organizing the 2014 Tokushima Bioscience Retreat. The purpose of this gathering is to encourage and facilitate scientific interactions among institute members by presenting recent research accomplishments in a relaxing atmosphere. We hope that this retreat will also be an opportunity to explore future research directions and generate new research groups. At the retreat, we will acknowledge accomplishments of young researchers and encourage further achievements by awarding the top three researchers the Young Researchers Awards with funds for overseas conference presentation. Please note that we would like all the participants to give presentations and conduct question-and-answer sessions in English at this year's retreat as one of the activities for globalization. Participation of graduate students on the Kuramoto Campus is especially welcomed.

**When: September 17 (Thu) - 19 (Sat), 2015**

**Where: Resort Hotel Olivean Shodoshima  
(Kagawa Prefecture; <http://olivean.com/>)**

**Special Lecture: Biology of Sleep: My Way to the Goal**  
Mayumi Kimura, PhD.

Head of Sleep & Telemetry Core Unit, Max Planck Institute of Psychiatry

**Fee: Student-2000yen; postdoc-4000yen; faculty-5000yen**

**Intended participants:** Students on the Kuramoto Campus (graduate students, 5th and 6th year students in the Faculty of Pharmaceutical Sciences, etc.), postdocs, faculty

**Number of participants:** Limited to 35 - 40

**Activities:** An oral presentation of current research (15 min. including a Q & A session. Students will be encouraged to present in English. )by each participant as well as recreational/social activities

**How to apply:** E-mail the following information with "2015Tokushima Bioscience Retreat" in the subject: ①department ②position ③name ④gender ⑤e-mail address ⑥phone number or extension number ⑦reference (i.e., name of your advisor), and ⑧additional information (e.g., dietary restrictions/requirements)

※Students will be asked to submit an abstract of the presentation (in English) when application is accepted.

**Application deadline: July 17 (Fri) [Extended the limit!]**

**Where to apply:** Ms. Tsuji at the Research Center for Education of Health Bioscience  
Extension: 9104
