

2017 Tokushima Bioscience Retreat

The Graduate School of Biomedical Sciences is organizing the 2017 Tokushima Bioscience Retreat. This retreat is for the graduate students, faculty members, and researchers at Tokushima University. The main objective is to provide a venue for them to get together and interact with each other across the boundaries of research fields and organizations. We hope that new research directions and collaborations will evolve from this retreat.

At the retreat, research presentations and question-and-answer sessions will be all in English. We will acknowledge accomplishments of young researchers and encourage further achievements by awarding the Young Researchers Awards, which includes funds for overseas conferences, to the three best graduate student presenters.

All graduate students of Tokushima University are welcomed to participate in this retreat. We look forward to seeing you there!

When: September 28(Thu) - 30(Sat), 2017

**Where: Resort Hotel Olivean Shodoshima
(Kagawa Prefecture; <http://olivean.com/>)**

Special Lecture: Integrated research approach by medical, dental and pharmaceutical sciences for extending healthy life expectancy

Prof. Shogo Takashiba, DDS. PhD.

Department of Pathophysiology-Periodontal Science, Okayama University
Graduate School of Medicine, Dentistry and Pharmaceutical Sciences
Kanazawa University

Fee: Student-2000yen; postdoc-4000yen; faculty-5000yen

Intended participants: Students of Tokushima University (graduate students, 5th and 6th year students in the Faculty of Pharmaceutical Sciences, etc.), postdocs, faculty

Number of participants: Limited to 30-35

Activities: An oral presentation of current research (15 min. including a Q & A session. Students will be encouraged to present in English.) by each participant as well as recreational/social activities

How to apply: E-mail the following information with "2017Tokushima Bioscience Retreat" in the subject: ①department ②position ③name ④gender ⑤e-mail address ⑥phone number or extension number ⑦reference (i.e., name of your advisor), and ⑧additional information (e.g., dietary restrictions/requirements)

※Students will be asked to submit an abstract of the presentation (in English) when application is accepted.

Application deadline: June 23 (Fri)

Please understand that if applications exceed the quota, there is a possibility that not all applicants will be able to participate.

Where to apply: Ms. Yoshinari at the Center for Healthcare Education Research
Extension: 9604
