

2026 Tokushima Bioscience Retreat

Call for papers:

This retreat provides a venue for the graduate students, faculty members, and researchers at Tokushima University to get together and interact with each other across the boundaries of research fields and affiliations. All participating graduate students give research presentations followed by Q and A sessions **in English**. Excellent presentations will be awarded the Young Researcher Award and the Special Award (with extra prizes). The retreat will be held face to face including a social hour. We look forward to the participation of many graduate students in this event!
